I have attached a zip file of the documents I have developed for review. The folder contains an Executive Summary, Hospital Policy on the committee, Committee Bylaws, Committee Charter, and revisions to the policy management policy. I welcome your tracked changes and input. I am unsure if any of these need more depth, are redundant, or are even necessary so I welcome input into all aspects of the process, especially when it comes to the composition of the committee, not sure I have the correct names or areas.
