I do not believe it is possible to have all her notifications forwarded to surrogates because if all notifications are forwarded she will not receive notifications on the PHN notes. Her name will be removed from the team rosters and lists when they get re-done but we only have 1 PSA having to do the work of two and these lists are not a priority. She can turn in a ticket to have her name removed from the phone in 253. I will transfer her in sailpoint to Paula on 1/3/2023. Who will be her time keeper so her 7 B will be forwarded I will complete her PMAP as soon as she provides the required self assessment.

Will need all my notifications sent to the surrogates.
Call agent notes, PCP notes, Panel Management Notes, PRC notifications for the 8 doctors and 1 PA provider.
Will need to remove my name from the telephone PCMC staff extensions so no customer gets upset if I am not answering the phone.
Will need to remove my name from the Primary Care Medicine clinic team listing so campus wide staff do not call me for primary care medicine requests or carry out notifications/orders.
Have IT take my name off the phone in this building so it won't ring and not get answered.

Thank You,
Respectfully,

Tonie Greve RN

Would you be able to write down for me what you need to hand off?

This would help determine how to split the work load amongst the other CCCs.

Good Afternoon Jason;

Here is my signed document.

I do have questions who will be the surrogate for all of my notifications and if this can be done prior to January 3, 2023.

Respectfully,

Tonie Greve RN CCC
