I filed a Hostile Work Environment claim against Tonie Greve on 12/19/2022 this Agency has purposely and willfully failed to stop the hostile environment. Just because I am a supervisor I am still protected by EEO regulations and laws. Why is administration continuing to ensure I am subjected to harassment and hostile work environments? I can only assume it is retaliation for my complaints of hostile work environment and harassment that were lodge since no individuals have contacted me regarding them and the agency has failed continually to follow even IHS guidance, the Indian Health Manual or the IHS circular. You supposedly addressed the other 4 complaints against this employee but not mine just like you placed her in my clinic and have failed to provide me ANY information as to the outcomes of her Reasonable Accommodation and every time she is instructed to do something she cannot because her reasonable accommodation. Please provide me with a Registered Nurse that can see and care for patients. I need a clinical care nurse not an administrative nurse.
