Re: Denial of Extension Request

Dear Ms. Gray,

Thank you for your email dated December 15, 2025, requesting an extension of the government's deadline to respond to the Motion for Protective Order and Preliminary Injunction until December 19, 2025, so that it may be filed concurrently with the responsive pleading.[1]

Respectfully, I must decline to grant such an extension.

Since your initial response on December 2, 2025, indicating that you would speak with the agency and follow up, there has been no further effort to discuss, confer, or propose alternative language regarding the requested protective order. This absence of engagement—despite a clear December 9 deadline—further demonstrates that resolution without court intervention is not feasible and weighs against any additional delay.[2]

As detailed in the pending motion and supporting materials, retaliatory actions by the Indian Health Service ("IHS") have not abated but have continued in direct contravention of statutory whistleblower protections under 5 U.S.C. § 2302(b)(8) and related due-process requirements under 5 U.S.C. § 7513(b). The cumulative impact—including the imposition of indefinite "notice leave," denial of facility access, and lack of written justification—constitutes constructive suspension and ongoing harm warranting immediate judicial intervention.[3][4]

Given the irreparable harm demonstrated and the Court's authority under Fed. R. Civ. P. 65 and 28 U.S.C. § 1345, further delay would unjustly prejudice my rights and frustrate the purpose of injunctive relief. I therefore cannot agree to postpone the government's filing deadline.[5]

Please be advised that I will inform the Court of this correspondence and any continued retaliation as part of the ongoing request for emergency relief. I remain available to address the matter further at the direction of the Court.[6]

Respectfully,

/s/ Kevin D. Turnage

Dear Ms. Gray,

I am writing in **Civil Action No. CV-25-03367-PHX-SMB**, pending before the United States District Court for the District of Arizona.

I intend to file a M**otion for a Protective Order** to address ongoing concerns related to alleged retaliatory personnel actions and to prevent further irreparable harm. In accordance with the Court's Local Rule 7.2, I am reaching out to see whether the parties can resolve this matter without court intervention.

Accordingly, please let me know by ***Tuesday, December 9, 2025*** whether you have any objections, concerns, or proposed language for the protective order. If you have suggested revisions or alternative wording, I would be happy to consider them and work toward a mutually acceptable solution.

If I do not receive a response by the stated deadline, I will proceed to file the motion. In that filing I will attach a summary of this meet-and-confer effort to demonstrate compliance with Local Rule 7.2.

Thank you for your attention to this matter. I look forward to your prompt reply.

Respectfully,

/s/ Kevin D. Turnage
