OK I got it, can't preplan OT have to call them in, which goes back to my original point my staff that works 5 days a week every week are not entitled to this for clinic work? Therefore, when it gets through the grapevine CMA's will offer to work in the hospital instead of in the clinic, which will cause patient safety and patient access issues. I just wanted to ensure I had the Directive Noted correctly. I also have Innova meetings tomorrow so I would not be able to meet as well.

Ok, I understand now.

I won't be able to meet with you tomorrow because I will be in the Innova meetings to discuss the space needs for the new facility. Therefore, I would ask that you instead meet with Jason. I have included him on this email. I will provide this guidance though, the station memo was intended to help with un-scheduled overtime, I included the attachment for your reference. When you asked me beforehand if it could be used for PCMC, I meant it in that context, for unscheduled leave. There are many units, including PCMC, that have a number of staff that are scheduled for overtime, but this station memo is meant to address the holes that remain after your best efforts to schedule overtime.

Thank you,

Candace

No the directive e-mail you sent said to notify (Call) you prior to doing any of the bonuses, not to call the acting, acting.

It is available for your staff as well. You are experiencing critical staffing needs. We can talk more about this tomorrow.

Thank you,

Candace

Subject: FW: Station Memo for Critical Staffing
Importance: High

Please see the information below regarding the new process for the cash award for critical overtime needs. Prior to initiating the cash award, please call me for verification beforehand. Also, it will be very important that this information is provided to Dr. Kim at the end of each pay period; please CC me when you email Dr. Kim your list as I will be maintaining my own list as well. As stated in the email below, do not share this information widely, particularly with front line staff.

Thank you,

Candace

Thank you,

Candace

Subject: Station Memo for Critical Staffing

Greetings,

As we re-enter another COVID Surge, and continue to navigate staffing shortages due to staff illness with COVID, colds, and flu, I have established a new station memo to authorize the use of cash awards for civilian employees who volunteer for unscheduled OT to fill *critical* staffing needs during times of unexpected crisis. This memo will expire at the end of February but we can re-evaluate continuation if needed.

We will follow the same process that we did last winter for authorizing the cash awards. Please submit the following information to Dr. Kim before the end of each pay period:

Employee Name	Dept	Date/Time Worked	Total Hours	Assignment	Supervisor

Please use this authorization judiciously and do not share the information widely. It is only to be used for unscheduled overtime to prevent a lapse in critical service unit functions.

Thank you,

Deb
