Subject: Proposal to End Complaints of Sexual Harassment and Retaliation

I am writing to offer a settlement to end the complaints of sexual harassment against Ms. Lee and the retaliation by Ms. Lee, Ms. Benjamin, and Mr. White that I have filed against the agency, both the EEO and the whistleblower complaint with the Office of Special Counsel.

In agreement with dropping these complaints, in exchange, I am requesting the following:

- Appointment to either a GS12 position with a 25% retention bonus for the hard-to-fill position

- Or a GS13 Policy Officer position without a retention bonus at this time.

- The removal of any documentation in my personnel file and my eOPF regarding the retaliatory false events alleged against me on March 21, 2023.

I understand this is a significant request, but I believe it is fair. I have been experienced sexual harassment, and retaliation and suffered substantial emotional and financial harm. I am confident I can continue to be an asset to PIMC as the Policy Officer. I have the skills and experience necessary to be successful in this role, and I am committed to providing high-quality service to the agency.

Having worked as a policy officer at PIMC for the past six months, I have gained a comprehensive understanding of the role and responsibilities of the Policy Officer position. My experience has given me the confidence to excel as a policy officer, and I am the most suitable candidate for the job.

As you know, during my tenure at PIMC, I have maintained a results-driven mindset and demonstrated a willingness to go above and beyond to support my team. I have effectively communicated with stakeholders, analyzed complex data, and developed and implemented policies and programs that have improved

patient care for PIMC and the Phoenix Area. My extensive healthcare industry knowledge and commitment to providing exceptional patient care make me an outstanding candidate for the permanent policy officer position.

I am excited about the opportunity to continue my work at PIMC. My skills, experience, and dedication to the organization will enable me to contribute meaningfully to the team.

I firmly believe that I can have a more positive impact and enact changes that can enhance the quality of patient care throughout the entire institution rather than limiting improvements to a single department.

This proposal does not include ending the Hostile work environment complaint against Ms. Greve or the complaint for PIMC's failure to protect staff from the continued hostile environment.

This agreement would be in the best interests of PIMC and myself.

I am open to discussing this proposal further.

Please contact me at your earliest convenience.

Thank you for your time and consideration.

Sincerely,

Kevin Turnage
