Tonie Greve, Clinical Care Coordinator
Phoenix Indian Medical Center
4212 N. 16th Street
Phoenix, AZ 85296

Dear Tonie Greve**:**

As your supervisor, it is my responsibility to work with you to coordinate and facilitate the Agency's Reasonable Accommodation Policy and Procedures as set forth in the U.S. Department of Health and Human Services (HHS) Reasonable Accommodation Policy and Procedures Manual, dated January 2012. On February 22, 2022, you submitted a reasonable accommodation request (Form HHS-813) to LCDR Angela Dickerson, in which you noted that you need "to spend majority of work day doing [your] clinical care duties [and] [l]imited interaction with triage & patient care due to being immune compromised." Since it appears that LCDR Dickerson has not completed form HHS-814, as your immediate supervisor, I'm committed to continue to work toward a reasonable accommodation for you.

As such, I request that you provide current medical documentation from a medical provider that is sufficient in detail to enable management to make informed decisions and to determine the nature of a medical condition which may affect the safe and efficient performance of your duties. As such, this medical documentation is specifically requested in accordance with HHS Reasonable Accommodation Policy and Procedures Manual (January 2012).

Therefore, you are requested to provide me with the following information from your physician(s) and/or other medical provider(s) as soon as possible but **no later than 15 calendar days from the date of receipt of this letter**. Additional time may be granted if good cause exists for such an extension.

1. Explanation of the impact of your medical condition on your ability to perform the duties of your position on a regular basis at your official duty station. I would suggest that a copy of your current position description be provided to your treating physician so as to assist him/her in determining your ability to perform the duties of your position at your official duty station.

2. Any other medical documentation which your treating physician feels necessary and relevant as to what the anticipated impact of your ability to perform the essential functions of your position, with or without reasonable accommodation.

3. An estimate of full or partial recovery in connection with any impact of your medical condition on your ability to perform the duties of your position on a regular basis at your official duty station.

Please submit (via Secured Data Transfer) all medical documentation from your medical provider to George Patton, EEO Manager, at george.patton@ihs.gov. Once your information is received it will be reviewed within fifteen (15) days of receipt and a decision will be given to you by your immediate supervisor who has the responsibility and authority to approve or deny your reasonable accommodation request or make other options available to you. If it should become necessary to try various accommodations to find one that is suitable, the time frame will be extended by mutual consent.

Should you have questions or concerns, please feel free to contact me at (602) 263-1574, or George Patton, EEO Manager, at (602) 364-5277 or george.patton@ihs.gov.

Sincerely,

Kevin Turnage
Supervisory Clinical Nurse
Phoenix Indian Medical Center Primary Care
